

NOTICE TO PARENTS/GUARDIANS OF CHILDREN WITH DISABILITIES

Under the *Individuals with Disabilities Education Act*, the District must provide students with disabilities with appropriate special education and related services to address their educational needs. If your student receives related services from the District through their Individualized Education Program (“IEP”) document, such as occupational therapy services, physical therapy services, school social work services, school counseling services, school nursing services, school psychological services, and speech and language therapy, you may request copies of related service logs developed and maintained by the District for your child. These related service logs include information regarding the type and duration of related services administered to your child.

If you have any questions regarding your child’s special education services, please contact your child’s case manager or building principal via phone or email.
