# INSTRUCTIONS TO BIDDERS

## **Applicability**

These Instructions to Bidders shall apply to all contracts to be awarded for the work covered by these bid documents.

## **Contracts**

The contracts to be awarded for work covered by these bid documents are described in the Invitation for Bids, Instructions to Bidders and Information to Bidders.

## **Documents**

Documents are available at Arc Design Resources Inc, contact: Matt Adas by phone: (815) 484-4300 x 236 or email: [madas@arcdesign.com](mailto:madas@arcdesign.com).

## **Examination of Bid Documents & Site**

A pre-bid meeting is NOT scheduled. Before submitting a bid, each bidder must:

- (a) examine the bid documents thoroughly,
- (b) visit the site to familiarize themselves with local conditions that may in any manner affect performance of the work,
- (c) familiarize themselves with federal, state, and local laws, ordinances, rules, and regulations affecting performance of the work,
- (d) carefully correlate their observations with the requirements of the bid documents.

In order to be a 'Plan Holder' or 'Bidder' each firm or organization shall procure the necessary Plans, Specifications and all bid documents from Arc Design Resources Inc.

The submission of a Bid will constitute an incontrovertible representation by the bidder that they have complied with every requirement of this Specification Manual.

## **Interpretations**

All questions about the meaning or intent of the bid documents shall be submitted to the ENGINEER in writing. Replies shall be issued by addenda emailed all parties recorded by the ENGINEER as having received the bid documents. Questions received less than 3 days prior to the date for opening of bids will not be answered or presented in an addendum. Only questions answered by formal written (or email) addenda will be binding. Oral and other verbal interpretations or clarifications will be without legal effect.

## **Bid Form**

The Bid Form is included in the Specification Manual. The Bid Form shall be completed in ink or by typewriter. The bid price for each item on the form must be in writing and in figures, and in case of conflict the former shall apply. Where unit prices are called for, each of these items must be filled in. All computations on unit price bids shall be checked by the Owner and corrections made where an error is found. The corrected figures shall be used to determine the total of that bid.

All Bid Form pages must be provided in the bid. The bidder shall acknowledge the receipt of all addenda issued in the space provided in the Bid Form. All addenda shall be returned with the bid.

Bidders, when signing the Bid Form, shall meet the following requirements:

Corporation - Executed in the corporate name and signed by the president, vice president or other authorized agent, with the corporate seal affixed and attested by the secretary or notary. The corporate address and state in which it is incorporated must be shown below the signature.

Firms or Partnerships - Executed in the partnership name and signed by a partner or authorized agent. The official title and the official address of the partnership must be shown below the signature.

Individuals - Executed and signed by the individual bidder or agent. Bids which are signed by an attorney- in-fact for individuals, firms, partnerships, or joint ventures shall be accompanied by a power-of-attorney evidencing authority to sign the bid.

All names must be typed or printed below the signature.

### **Time of Completion**

The CONTRACTOR agrees to commence the work at the site on or after **May 28th, 2024**, and after the formal Notice to Proceed is issued from the Owner. The Bidder further agrees to complete all work covered by the Contract to the point of Final Completion on or before **July 26th, 2024**.

The contract shall be considered completed when all work called for by the bid documents has been completed and accepted by the OWNER.

### **Submission of Bids**

Bids shall be submitted at the time and place indicated in the Invitation For Bids. Bids shall be in an opaque, sealed envelope and shall be marked with the bidder's name and address, the name of the OWNER and the project title and the bid name and number or names and numbers for which the bid is presented.

Bid Forms (in its entirety), bid security, and other documentation required by the bid documents shall accompany the bid.

### **Unit Prices**

Unit prices may be required in the bid forms. When required, the bidder shall bid on all units called for. The OWNER reserves the right to use these unit prices should extra work be necessary, or to proceed with extra work as stated in the General Conditions.

### **Bid Bond**

A Bid Bond in the amount of 5% of the total bid price will be required to be accompanied with each submitted bid.

### **Performance Bond**

A Performance Bond equal to the total bid price will be required upon award of the contract to the winning bidder.

### **Withdrawal of Bids**

Bids may be withdrawn at any time prior to the time of bid opening. Any bid withdrawn prior to the bid opening may not be resubmitted. No bid may be withdrawn after the bid opening for the period of time indicated in the Advertisement For Bids, except as permitted under Illinois State Statutes.

### **Minimum Wage**

The CONTRACTOR(S) shall be required to pay not less than the minimum wage rates established by the State of Illinois, Department of Labor and/or the U.S. Department of Labor as stated in the Advertisement For Bids.

Copies of the applicable wage rates are on file with the OWNER, Winnebago County, and/or incorporated in the bid documents.

## **Subcontractors**

Bidders are required to list their proposed subcontractors prior to commencing the work.

The OWNER reserves the right to reject the use of any proposed subcontractor without increasing the bid prices.

The bidder shall not be required to employ any subcontractor against whom they have reasonable objections.

## **Substitutions**

The materials, products and equipment described in the bidding documents establish a standard of required function, dimension, appearance, and quality to be met by any proposed substitution.

No substitution will be considered prior to receipt of bids unless a written request for approval has been received by the ENGINEER at least 10-days prior to the date for receipt of bids. Such requests shall include the name of the material or equipment for which it is to be substituted and a complete description of the proposed substitution including drawings, performance and test data, and other information necessary for an evaluation. A statement setting forth changes in other materials, equipment, or other portions of the work, including changes in the work of other contracts that incorporation of the proposed substitution would require shall be included. The burden of proof of the merit of the proposed substitution is upon the proposer. The ENGINEER's decision of approval or disapproval of the proposed substitution shall be final.

No substitutions will be considered after the contract award, unless specifically provided in the bid documents.

## **Qualifications Of Bidder**

The OWNER may make such investigations as deemed necessary to determine the ability of the bidder to perform the work and the bidder shall furnish to the OWNER all such information and data as may be requested for this purpose. The OWNER reserves the right to reject any bid if the evidence submitted by, or investigation of, such bidder fails to satisfy the OWNER that such bidder is properly qualified to carry out the obligations of the contract and complete the work as described by the bid documents. Conditional bids shall not be accepted.

Before a contract is awarded, the bidder to whom an award is contemplated may be required to submit the following information:

The address of and description of the bidder's plant or permanent place of business.

An itemized list of the bidder's plant and equipment.

A financial statement of the bidder indicating financial resources to meet any obligations arising from the work.

A list of projects similar in nature which have been satisfactorily constructed by the bidder.

A listing of technical experience of personnel guaranteed to be employed in responsible charge of the work.

Such additional information as will satisfy the OWNER that the bidder is adequately prepared to fulfill the contract.

Similar information may be required from any proposed subcontractor or equipment manufacturer should the OWNER feel that such information is necessary to determine which bid will be in the best interest of the OWNER.

### **Right To Accept Or Reject Bids**

The OWNER reserves the right to reject any or all bids, to waive any irregularities or informalities in the bids, to disregard all non-conforming or conditional bids and to accept any bid which will best serve the interests of the OWNER, all subject to the requirements of applicable federal procurement regulations.

A bid which has not been prepared in accordance with these instructions or which does not contain an adequate and reasonable bid or unit price for each item in the Bid Form may be considered irregular and subject to rejection.

Errors in the extension of unit prices will be corrected providing the unit price is legible and found to be in compliance with the specifications. The total bid will be adjusted in accordance with the corrected extensions.

### **Award Of Contract**

The bid opening shall be as stated in the Advertisement For Bids. No awards shall be made until the opened bids can be compared, tabulated, reviewed, and approved by the OWNER. The contract award shall be by OWNER action and the bidder to whom the award will be made will be notified by the OWNER after formal approval by the District Board anticipated to be at the March 20<sup>th</sup>, 2024 meeting.

Contract(s) shall be awarded to the lowest responsive responsible bidder. On unit price contracts, the low bidder will be determined by the total of the unit prices extended by the estimated number of units indicated in the Bid Form. On lump sum bids, the low bid shall be the apparent low base bid.

The OWNER shall compare bids on the following basis:

The lowest total of base bid items for each individual bid.

The total of individual bids for each bid versus any combination of combined bids and individual bids depending upon bids received.

The total of the base bid plus owner selected alternate bid(s).

The OWNER reserves the right to give responsible weight to:

Cost of operation, maintenance and repairs and rate of depreciation.

The probability of the contract being carried to a successful completion within the time specified, with the means, methods, and equipment the bidder proposes to use.

The extent of the bidder's experience with work of the nature involved.

The OWNER reserves the right to award the contracts to the lowest individual bidder or any combination of bidders, whichever may be to the OWNER'S best interest.

### **Governing Laws - State of Illinois**

The bidder shall herewith take notice that all State of Illinois Statutes, municipal ordinances and regulations, and the rules and regulations of all authorities having jurisdiction over the construction of this project shall apply to all contracts throughout, and they shall be deemed to be included in all bids as though written out in full and if referred to, shall be interpreted to mean the most recent on record regardless of the designation used in the bid documents.

All work under these bid documents shall be in accordance with the requirements of the Rules of the Illinois Department of Labor.

The bidder shall investigate the statutory requirements for payment of sales taxes and shall include the cost of payments in the bid prices in the Bid Form.

## **INFORMATION FOR BIDDERS**

### **Construction Layout And/Or Staking**

This work shall be completed by the CONTRACTOR or may be provided by Arc Design Resources Inc., or as required by the Owner for project continuity. The CONTRACTOR shall contact Bill Laskonis at (815)-484-4300 Ext. 248 for a quote. The cost of staking shall be included in the contractor's bid.

### **Warranty**

The CONTRACTOR shall warranty all work and materials for a period of one year commencing on the date of Final Acceptance by the OWNER.

### **Barricades & Warning Devices**

The CONTRACTOR shall be responsible for the erection and maintenance of all barricades, guardrails, lights, and signs necessary for public safety and convenience. All hazards within the limits of the work or on detours around the work must be marked with visible, well-painted, well-maintained barricades, lanterns, torches, flares, reflectors, electric lights, flashers, or caution, warning and directional signs in sufficient quantity and size to adequately protect life and property. These safeguards shall be moved, changed, increased, or removed as required during the progress of the work to meet changing conditions.

The CONTRACTOR shall conduct all traffic control operations in accordance with the standard drawings included in the plans, the latest issues of the "Manual On Uniform Traffic Control Devices" (MUTCD) and the "Illinois Department Of Transportation Standard Specifications for Road and Bridge Construction" latest editions.

Barricades shall be maintained in rigidly assembled condition. They shall be kept clean and the reflecting strips in good repair so as to be readily discernible at all times.

### **General Site Safety**

The CONTRACTOR shall also comply with "Occupational Safety and Health Act" requirements issued by the Federal Government and/or adopted by the state and local laws, rules and regulations, as they apply.

### **Neglect**

The OWNER reserves the right to remedy any neglect on the part of the CONTRACTOR as regards the protection of the work and public after 24-hours' notice in writing, except in case of emergency when it shall have the right to remedy any neglect without due notice and in either case to deduct the cost of such remedy from any money due or to become due the CONTRACTOR.

### WINNEBAGO COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

### EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date. ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

### **CERAMIC TILE FINISHER, MARBLE FINISHER, TERRAZZO FINISHER**

Assisting, helping or supporting the tile, marble and terrazzo mechanic by performing their historic and traditional work assignments required to complete the proper installation of the work covered by said crafts. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard tiles.

### **COMMUNICATIONS TECHNICIAN**

Installing, manufacturing, assembling and maintaining sound and intercom, protection alarm (security), fire alarm, master antenna television, closed circuit television, low voltage control for computers and/or door monitoring, school communications systems, telephones and servicing of nurse and emergency calls, and the installation and maintenance of transmit and receive antennas, transmitters, receivers, and associated apparatus which operates in conjunction with above systems. All work associated with these system installations will be included EXCEPT the installation of protective metallic conduit in new construction projects (excluding less than ten-foot, runs strictly for protection of cable) and 120 volt AC (or higher) power wiring and associated hardware.

### **LABORER, SKILLED - HIGHWAY**

Individuals engaged in the following types of work, irrespective of the site of the work: asbestos abatement worker, handling of any materials with any foreign matter harmful to skin or clothing, track laborer, cement handlers, chloride handlers, the unloading and loading with steel workers and re-bars, concrete workers wet, tunnel helpers in free air, batch dumpers, mason tenders, kettle and tar men, tank cleaners, plastic installers, scaffold workers, motorized buggies or motorized unit used for wet concrete or handling of building materials, laborers with de-watering systems, sewer workers plus depth, rod and chainmen with technical engineers, rod and chainmen with land surveyors, rod and chainmen with surveyors, vibrator operators, cement silica, clay, fly ash, lime and plasters, handlers (bulk or bag), cofferdam workers plus depth, on concrete paving, placing, cutting and tying of reinforcing, deck hand, dredge hand, and shore laborers, bankmen on floating plant, grade checker, power tools, front end man on chip spreaders, cession workers plus depth, gunnite nozzle men, lead man on sewer work, welders, cutters, burners and torchmen, chainsaw operators, jackhammer and drill operators, layout man and/or drainage tile layer, steel form setter - street and highway, air tamping hammermen, signal man on crane, concrete saw operator, screedman on asphalt pavers, laborers tending masons with hot material or where foreign materials are used, mortar mixer operators, multiple concrete duct - leadsman, lumen, asphalt raker, curb asphalt machine operator, ready mix scalemen (permanent, portable or temporary plant), laborers handling masterplate or similar materials, laser beam operator, con-crete burning machine operator, coring machine operator, plaster tender, underpinning and shoring of buildings, pump men, manhole and catch basin, dirt and stone tamper, hose men on concrete pumps, haz-ardous waste worker, lead base paint abatement worker, lining of pipe, refusing machine, assisting on direct boring machine, the work of lay-ing watermain, fire hydrants, all mechanical joints to watermain work, sewer worker, and tapping water service and forced lift station mechanical worker.

**MATERIAL TESTER I:** Hand coring and drilling for testing of materials; field inspection of uncured concrete and asphalt.  
**MATERIAL TESTER II:** Field inspection of welds, structural steel, fireproofing, masonry, soil, facade, reinforcing steel, formwork, cured concrete, and concrete and asphalt batch plants; adjusting proportions of bituminous mixtures.

### Other Classifications of Work:

For definitions of classifications not otherwise set out, the Department generally has on file such definitions which are available. If a task to be performed is not subject to one of the classifications of pay set out, the Department will upon being contacted state which neighboring county has such a classification and provide such rate, such rate being deemed to exist by reference in this document. If no neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 217-782-1710 for wage rates or clarifications.
