

# MACKTOWN WARRIORS JUNIOR TACKLE FOOTBALL DO YOU WANT TO PLAY LIKE A WARRIOR?!

**OPEN TO PLAYERS ENTERING GRADES 3 THROUGH 8**

## OUR PHILOSOPHY

The Macktown Warriors youth football organization was established on the principles of safety, sportsmanship, and character building.

It is our goal to develop kids into hardworking, respectful young athletes, and ultimately prepare them for competition at the high school level. We pride ourselves on the concepts of "Team" and "Family." Our players first become teammates who are unified by the game, and then by their commitment to one another.

Macktown Warriors understand what it takes to become champions. They learn to be their best in the face of adversity and be humble in victory. Instruction at the lower levels centers on fundamentals of football and gradually focuses more on competitive skills at the upper levels. Playing time is a focus at every level.

Providing a safe environment is our highest priority. Organization coordinators oversee the coaching staff to ensure that our kids are not only taught to play the game in the safest manner possible, but that everyone is treated fairly and with respect. Go Warriors!
