

What is REEF?

The Rockton Elementary Education Foundation is a not-for-profit organization established in 1992 by a group of private citizens interested in providing means to enrich and enhance the educational programs and opportunities for all children in the Rockton School District.

Through this program, the Foundation is able to select special educational opportunities that go beyond the normal school curriculum to provide a "margin of excellence" for our students. These extraordinary programs and activities surpass what can be offered through normal school revenues.
