CALLING ALL 5TH THROUGH 8TH GRADE STUDENTS!

Join us for STEM Week and learn how to design and build various projects using everyday items, repurposed materials, motors and various type and size of interlocking blocks.

Our workshops are led by local educator Faten Abdallah and RVC Assistant Professor Laura Constant. Each project emphasizes design and build concepts, simple electric motors and creativity skills.

No refunds 7 days prior to class start.

JUNE 17-21: BUILT TO WORK PROJECTS

(Ages 10-13) Build a sundial, windmill, LEGO zip line, bridge, catapult, marble maze, an airplane, and if time permits, a skeeball machine.
