

SEED STARTING

Tuesday, April 16 | @ 5:30 p.m.

Spring is here and gardening season is right around the corner. Now is the time to plan your garden and begin the process of starting seeds indoors.

Whether you are new to gardening or have been doing it for years, we invite you to join Brian Rudny, University of Illinois Extension Boone County Master Gardener for an evening presentation. Learn about germination, breaking dormancy, scheduling, seeding methods and more.
