

VILLAGE FOLK

This camp is all about design and creativity in the wild.

This week the children will be creating an entire village of stores in the woods using their own two hands. They'll be doing everything from creating their shop idea to making actual products and services to establishing the currency to sell and buy from other clans. There will also be plenty of time for free play, cooking over an open fire, and games in the wild. **This camp will stretch the minds of your young ones and leave them asking for more.**
